It is observed that –

- 1) Kamrup Constructions (P) Ltd. has not submitted the bid security amount of Rs 4,00,000.00 and made a request to be exempted under the Single Point Registration Scheme of NSIC, SSI units registered under NSIC.
- 2) Maverick Technologies has not submitted any bid security and bid document fee. Punjab Engineering Company submitted all the requisite documents.

After a threadbare discussion, the committee recommended the following –

In the minutes of the prebid meeting it was made clear that no benefit shall be accorded in respect to Single Point Registration Scheme of NSIC, SSI units registered under NSIC as it was not mentioned in the RFP. The same was uploaded in the GMC website. But Kamrup Construction (P) Ltd and Maverick Technologies has not fulfilled the required conditions as per the RFP.

As such, the Committee decided to go for the technical evaluation of Punjab Engineering Company only and rejects the other two proposals.
